WRISTBAND PURCHASES

Wristband sales are open to the public.

Pay via **credit card**: [Credit Card Payment](#)

FUN NIGHT ENTRY WRISTBAND OPTIONS:

RIDERS (R150) and NON-RIDERS (R50)

Nobody will be allowed access without a wristband.

Children aged 2 and under are free.

A **RIDER** wristband will give a child entry into Fun Night, plus access to all big rides.

Please note that this does not include the game stalls.

A **NON-RIDER** wristband gives entry into the Fun Night only, nothing else. This band must be worn by all adults and children, over the age of 2, not planning to ride.

You can choose to load additional credit onto your bands when you buy them online. The credit is loaded onto a microchip on the wristband.

Bands without pre-loaded credit will be for sale on the night at the gate.

How does it work?

You swipe the band at a point-of-sale device at each stall or vendor to make purchases. After each purchase you can request a balance of your remaining credit.

This credit allows you to buy: food, drinks, items from the cafe, play games and attend the Grade 6 & 7 disco

You can claim any unused credit back from Howler online after the event. With this in mind, to skip potentially long queues at the top-up kiosk on the day, rather over-estimate the credit each wristband will need; then claim back online after the event.

Remember that you will not always be with your child when they are shopping, so load credit onto your band and their band.

ALL vendors are **CASHLESS**.

NO CASH will be accepted on the night by any stalls or vendors. If your credit runs out, you can load more credit at the Howler top-up kiosk on the night. Howler staff will accept cash and credit cards, but we would prefer you to use credit cards.

The purpose of going CASHLESS for Fun Night is to reduce the amount of cash on site for security reasons. We trust you will support us in this.

ONLINE SALES CLOSE ON 6 MARCH
